

Calm

Made of the highest grade of premium Napa leather, Calm is beautifully crafted and sophisticated. The backrest conforms to the natural curve of the human body and provides all-around support.

A range of options for executive spaces

The Calm chair is customizable for executive spaces, meeting rooms and side seating. Choose from premium Napa leather or faux leather ... 5-star base or sled base ... chrome or fully enclosed leather arm ... mid- or high-back.

Sophisticated engineering

Each armrest is one piece, held in place with a single screw.

Exquisite craftsmanship

Seams are sewn using German Durkopp Adler technology - the same tech used by many premium auto manufacturers.

Highly adjustable and ergonomic

Available features include synchro-tilt mechanism with 4 lock positions, height-adjustability and built-in lumbar support.
